

London July 7, and 500 of the world's top bankers gathered at the Brewery for Euromoney's Awards for Excellence 2011 dinner. The big prizes on the evening went to Deutsche Bank, Barclays Capital and Roberto Setúbal of Itaú Unibanco. But the biggest winners on the night were the children of Little Rock School in Kenya. Thanks to the generosity of those present, its founder Lily Oyare — who gave a moving speech at the Dinner — will be able to build new school facilities for the children in one of the Africa's largest slums.
